# Development History

## Phase I (2009-10)

- Impetus to move from training evaluations based on topics to skills and knowledge and standardization of training.
- Grounded the evaluation in Mott and Vermont core competencies.
- Piloted with different stakeholders in all TAPE regions.
- Gathered input in levels, wording of competencies and behaviors, applications, and relevance to work of professionals.

# Development History Phase II (2010-11)

- System still a work in progress.
- Continue to make refinements to wording of competency indicators, observable behaviors, and target skill levels.

# Table Discussion I

- Review the Program Management Section.
- What questions do you have about the Indicators or Observable Behaviors?
- Record and report out.

# Self-Assessment Surveys

- Competency → Survey Statement
- Added demographic questions
- Piloted paper and online versions
- Fall 2010 – Launched online versions (baseline and pre)
- Spring 2011 – Administer online versions (post)

# Self-Assessment Surveys

- Identify staff development needs (baseline)
  - by Region
  - by Program
  - by Stakeholder
- Identify trends and improvements in Core Competencies (pre-post)
- Identify additional refinements to Core Competency target levels (all)

# Reports of Results

- Recoded Raw Results
  - Not Applicable – 1
  - Awareness – 2
  - Application – 3
  - Mastery – 4
- Target Level, Mode, and Differences highlighted in Reports of Results
- By stakeholder
